A/B Adnan Bolifa

Projects

- **Note App**
  - *My first Google Play app was a responsive note-taking app that I made.*
- **Dice roller**
- **Candy Crush Clone game**
  - *Using unity, I recreated the popular game sugar crush.*
  - *better understand algorithms and data structures*
- **2D Zombie game**
  - *As I began learning and experimenting with C# and unity, I made the decision to work on a larger project that is a whole 2D game with even a plot.*
- **Chat App**
- **Movies and episodes downloader**
